I have known Jack Ruby about 8 years. I first lived with Jack in 1962 for 5 or 6 months at the Maralia Pl. or Annex. Annex Apt. I have lived with Jack this time since November of 63. Early last Sat. morning about 3⁰⁰ AM Jack woke me up we discussed ~~about~~ about President Kennedy being killed. Jack told me that he had been ~~of~~ one of the first ones to run a ~~add~~ ad in the paper stating ~~the~~ his club would be closed Fri. Sat. & Sun. in memory of the President. Jack said it would hurt him money wise but he just couldn't open up with the President dead. I could tell Jack was taking the President's death hard & he kept repeating he felt sorry for the President's family. ~~Jack~~ Jack was too sad to go to bed & he asked me to go out & have coffee with him.

We went to the Southland Hotel
 for Coffee + I had some coffee +
 Jack had some grapefruit juice.
 He acted like he was stunned +
 shocked + we went on home. That
 was the first time I ever saw tears
 in his eyes. I got out of bed
 Sat morning + woke Jack up about
 10 or 10³⁰ AM. We watched TV + had
 coffee. He was still sad + very
 sorry for the President's family. I
 had some things to do so I
 left the house ~~about~~ around noon.
 I went back home about 7³⁰ PM +
 Jack wasn't there. I ate a bite
~~of food~~ + went back out. ~~When~~ I
 got back home ~~about~~ about
 10³⁰ Sat. Eve. + Jack was home.
 Jack told me he had to go to the
 Club + check up on something.
 I went on to bed. ~~He~~ When I got
 up this morning about 9 AM Jack
 was sleeping. Jack heard me
 walking around + he got up. I
 could tell Jack was woozied + still
 shook up. We watched a church
 sermon on T.V. + Jack kept repeating
 about the President's family + how

early he felt Mr Kennedy. Around
 10³⁰ AM he told me was going to take
 Sheba, his dog down to the Club
 where the rest of his dogs were.
 Jack then left & I didn't see
 him ~~with the dog~~ any more. I
 went down to the ~~the~~ Eastwell on
 main st. & had some coffee. While
 I was at the Eastwell I heard
 Jack Ruby had shot Oswald.
 I have seen Jack's pistol
 and the last time I saw
 it Thursday night
